Harbourline Freight Employee Handbook

Version 4.2, effective 1 January 2026. This handbook summarises the main policies that apply to all employees.

1. Working hours

Harbourline Freight operates a standard working week of 40 hours. Most teams work Monday to Friday, although warehouse and customer operations teams follow the published shift roster for their site.

Everyone is expected to be available during core hours, which run from 10:00 to 16:00 local time. Outside core hours you may arrange your day with your manager to suit your team and your personal commitments.

Overtime must be approved by your manager before it is worked. Approved overtime for hourly staff is paid at one and a half times the normal hourly rate. Salaried staff may instead agree time off in lieu with their manager.

2. Leave

Full-time employees receive 18 days of paid annual leave in each calendar year. After five years of continuous service this entitlement rises to 21 days. Part-time employees receive a proportionate entitlement.

You may carry over up to 5 days of unused annual leave into the following year. Carried-over leave must be taken by 31 March, after which it is forfeited. Leave cannot normally be exchanged for payment.

Paid sick leave is available for up to 14 days in a year. A medical certificate is required for any absence longer than two consecutive days. Please tell your manager as early as possible on the first day of absence.

Parental leave of 16 weeks is available to all employees who have completed three months of service, regardless of gender. Requests should be made to the People team at least eight weeks before the expected start date.

3. Remote work

Employees whose roles allow it may work remotely for up to three days per week, with the agreement of their manager. Teams may nominate shared office days so that colleagues can meet in person.

When working remotely you must remain reachable during core hours and attend scheduled meetings by video. You are responsible for a safe and private working environment.

Working from another country for more than 10 working days in a year requires approval from the People team in advance, because it can create tax and immigration obligations for you and for the company.

4. Expenses

Business expenses are reimbursed when they are reasonable, necessary and supported by evidence. Expense claims must be submitted within 30 days of the date the cost was incurred. Late claims may be refused.

A receipt is required for any item costing more than $25. When travelling on company business, meals are reimbursed up to a limit of $60 per day. Alcohol is not reimbursed.

Flights of less than six hours must be booked in economy class. Longer flights may be booked in premium economy with the approval of a director. All travel should be booked through the company travel portal.

5. Equipment and security

The company provides the equipment you need to do your job. Laptops are replaced every three years, or sooner if they can no longer be repaired economically. Old devices must be returned to IT for secure disposal.

A lost or stolen device must be reported to the IT Service Desk within 24 hours so that it can be locked and wiped remotely. This applies to personal phones that hold company email as well as to company laptops.

Passwords must be at least 14 characters long and must not be reused across systems. Multi-factor authentication is mandatory for email, the VPN and all finance systems.

6. Learning and development

Each employee has an annual learning budget of $1,500 to spend on courses, books and certifications that are relevant to their current role or an agreed future role.

Unused learning budget does not roll over to the next year. Attendance at a conference requires approval at least six weeks before the event, because travel costs are charged to the team budget.

7. Conduct and raising concerns

We expect everyone to treat colleagues, customers and suppliers with respect. Harassment, discrimination and bullying are not tolerated and may lead to disciplinary action.

If you have a concern, raise it with your line manager first. If the matter is not resolved, or if it concerns your manager, write to the People team, who will acknowledge it within 10 working days. An anonymous hotline run by an independent provider is also available at all times.

Appendix A. Site guide: Tuas

The Tuas site is managed by Gerald Koh, who is the first point of contact for anything about the building, access passes and local safety arrangements. New joiners at Tuas receive a site induction on their first morning, before they are allowed onto the warehouse floor.

The canteen at Tuas is open from 06:00 to 20:00 on working days and accepts the staff meal card. A free shuttle bus runs from Boon Lay station to the site, leaving at 05:00 for the early shift and again eight hours later for the late shift.

There are 180 parking spaces at Tuas, allocated on a first-come basis; spaces nearest the entrance are reserved for visitors and for colleagues with reduced mobility. Bicycles can be left in the covered rack beside the security post.

If the fire alarm sounds at Tuas, leave by the nearest exit and go to the assembly point, which is the grass area beside the main gate. Do not return to the building until the fire warden says it is safe. The first-aid room is on the ground floor next to reception, and safety shoes and a high-visibility vest must be worn at all times in the warehouse.

Appendix B. Site guide: Johor

The Johor site is managed by Farah Aziz, who is the first point of contact for anything about the building, access passes and local safety arrangements. New joiners at Johor receive a site induction on their first morning, before they are allowed onto the warehouse floor.

The canteen at Johor is open from 06:30 to 19:30 on working days and accepts the staff meal card. A free shuttle bus runs from JB Sentral to the site, leaving at 06:15 for the early shift and again eight hours later for the late shift.

There are 120 parking spaces at Johor, allocated on a first-come basis; spaces nearest the entrance are reserved for visitors and for colleagues with reduced mobility. Bicycles can be left in the covered rack beside the security post.

If the fire alarm sounds at Johor, leave by the nearest exit and go to the assembly point, which is the staff car park, rows A and B. Do not return to the building until the fire warden says it is safe. The first-aid room is on the ground floor next to reception, and safety shoes and a high-visibility vest must be worn at all times in the warehouse.

Appendix C. Site guide: Batam

The Batam site is managed by Yusuf Hartono, who is the first point of contact for anything about the building, access passes and local safety arrangements. New joiners at Batam receive a site induction on their first morning, before they are allowed onto the warehouse floor.

The canteen at Batam is open from 07:00 to 18:00 on working days and accepts the staff meal card. A free shuttle bus runs from Batam Centre ferry terminal to the site, leaving at 07:30 for the early shift and again eight hours later for the late shift.

There are 60 parking spaces at Batam, allocated on a first-come basis; spaces nearest the entrance are reserved for visitors and for colleagues with reduced mobility. Bicycles can be left in the covered rack beside the security post.

If the fire alarm sounds at Batam, leave by the nearest exit and go to the assembly point, which is the container yard entrance. Do not return to the building until the fire warden says it is safe. The first-aid room is on the ground floor next to reception, and safety shoes and a high-visibility vest must be worn at all times in the warehouse.

Appendix D. Site guide: Penang

The Penang site is managed by Kelvin Ooi, who is the first point of contact for anything about the building, access passes and local safety arrangements. New joiners at Penang receive a site induction on their first morning, before they are allowed onto the warehouse floor.

The canteen at Penang is open from 07:00 to 19:00 on working days and accepts the staff meal card. A free shuttle bus runs from Butterworth station to the site, leaving at 05:45 for the early shift and again eight hours later for the late shift.

There are 90 parking spaces at Penang, allocated on a first-come basis; spaces nearest the entrance are reserved for visitors and for colleagues with reduced mobility. Bicycles can be left in the covered rack beside the security post.

If the fire alarm sounds at Penang, leave by the nearest exit and go to the assembly point, which is the north car park by Gate 3. Do not return to the building until the fire warden says it is safe. The first-aid room is on the ground floor next to reception, and safety shoes and a high-visibility vest must be worn at all times in the warehouse.

Appendix E. Site guide: Klang

The Klang site is managed by Shanti Devi, who is the first point of contact for anything about the building, access passes and local safety arrangements. New joiners at Klang receive a site induction on their first morning, before they are allowed onto the warehouse floor.

The canteen at Klang is open from 06:00 to 21:00 on working days and accepts the staff meal card. A free shuttle bus runs from Klang Sentral to the site, leaving at 06:00 for the early shift and again eight hours later for the late shift.

There are 150 parking spaces at Klang, allocated on a first-come basis; spaces nearest the entrance are reserved for visitors and for colleagues with reduced mobility. Bicycles can be left in the covered rack beside the security post.

If the fire alarm sounds at Klang, leave by the nearest exit and go to the assembly point, which is the lorry holding bay. Do not return to the building until the fire warden says it is safe. The first-aid room is on the ground floor next to reception, and safety shoes and a high-visibility vest must be worn at all times in the warehouse.

Appendix F. Site guide: Surabaya

The Surabaya site is managed by Budi Santoso, who is the first point of contact for anything about the building, access passes and local safety arrangements. New joiners at Surabaya receive a site induction on their first morning, before they are allowed onto the warehouse floor.

The canteen at Surabaya is open from 07:30 to 17:30 on working days and accepts the staff meal card. A free shuttle bus runs from Pasar Turi station to the site, leaving at 07:15 for the early shift and again eight hours later for the late shift.

There are 45 parking spaces at Surabaya, allocated on a first-come basis; spaces nearest the entrance are reserved for visitors and for colleagues with reduced mobility. Bicycles can be left in the covered rack beside the security post.

If the fire alarm sounds at Surabaya, leave by the nearest exit and go to the assembly point, which is the field behind Warehouse 2. Do not return to the building until the fire warden says it is safe. The first-aid room is on the ground floor next to reception, and safety shoes and a high-visibility vest must be worn at all times in the warehouse.

Appendix G. Site guide: Cebu

The Cebu site is managed by Maria Villanueva, who is the first point of contact for anything about the building, access passes and local safety arrangements. New joiners at Cebu receive a site induction on their first morning, before they are allowed onto the warehouse floor.

The canteen at Cebu is open from 06:30 to 18:30 on working days and accepts the staff meal card. A free shuttle bus runs from the North Bus Terminal to the site, leaving at 05:30 for the early shift and again eight hours later for the late shift.

There are 70 parking spaces at Cebu, allocated on a first-come basis; spaces nearest the entrance are reserved for visitors and for colleagues with reduced mobility. Bicycles can be left in the covered rack beside the security post.

If the fire alarm sounds at Cebu, leave by the nearest exit and go to the assembly point, which is the basketball court. Do not return to the building until the fire warden says it is safe. The first-aid room is on the ground floor next to reception, and safety shoes and a high-visibility vest must be worn at all times in the warehouse.

Appendix H. Site guide: Da Nang

The Da Nang site is managed by Tran Minh Chau, who is the first point of contact for anything about the building, access passes and local safety arrangements. New joiners at Da Nang receive a site induction on their first morning, before they are allowed onto the warehouse floor.

The canteen at Da Nang is open from 07:00 to 17:00 on working days and accepts the staff meal card. A free shuttle bus runs from Da Nang railway station to the site, leaving at 06:45 for the early shift and again eight hours later for the late shift.

There are 40 parking spaces at Da Nang, allocated on a first-come basis; spaces nearest the entrance are reserved for visitors and for colleagues with reduced mobility. Bicycles can be left in the covered rack beside the security post.

If the fire alarm sounds at Da Nang, leave by the nearest exit and go to the assembly point, which is the front lawn by the flagpoles. Do not return to the building until the fire warden says it is safe. The first-aid room is on the ground floor next to reception, and safety shoes and a high-visibility vest must be worn at all times in the warehouse.

Appendix I. Site guide: Laem Chabang

The Laem Chabang site is managed by Somchai Prasert, who is the first point of contact for anything about the building, access passes and local safety arrangements. New joiners at Laem Chabang receive a site induction on their first morning, before they are allowed onto the warehouse floor.

The canteen at Laem Chabang is open from 06:00 to 19:00 on working days and accepts the staff meal card. A free shuttle bus runs from Sriracha bus station to the site, leaving at 07:00 for the early shift and again eight hours later for the late shift.

There are 110 parking spaces at Laem Chabang, allocated on a first-come basis; spaces nearest the entrance are reserved for visitors and for colleagues with reduced mobility. Bicycles can be left in the covered rack beside the security post.

If the fire alarm sounds at Laem Chabang, leave by the nearest exit and go to the assembly point, which is the visitor car park. Do not return to the building until the fire warden says it is safe. The first-aid room is on the ground floor next to reception, and safety shoes and a high-visibility vest must be worn at all times in the warehouse.

Appendix J. Site guide: Jurong

The Jurong site is managed by Li Wei Zhang, who is the first point of contact for anything about the building, access passes and local safety arrangements. New joiners at Jurong receive a site induction on their first morning, before they are allowed onto the warehouse floor.

The canteen at Jurong is open from 06:30 to 20:30 on working days and accepts the staff meal card. A free shuttle bus runs from Jurong East station to the site, leaving at 05:15 for the early shift and again eight hours later for the late shift.

There are 200 parking spaces at Jurong, allocated on a first-come basis; spaces nearest the entrance are reserved for visitors and for colleagues with reduced mobility. Bicycles can be left in the covered rack beside the security post.

If the fire alarm sounds at Jurong, leave by the nearest exit and go to the assembly point, which is the loading bay 12 forecourt. Do not return to the building until the fire warden says it is safe. The first-aid room is on the ground floor next to reception, and safety shoes and a high-visibility vest must be worn at all times in the warehouse.
