Depot Operations Manual

Harbourline Freight Depot Operations Manual. This manual describes every depot in the Harbourline Freight network. Each depot has its own section, identified by a depot code, which names the depot manager and sets out the canteen hours, staff shuttle, parking, fire assembly point, dock doors, same-day dispatch cut-off, cold storage range and security desk extension for that depot. This edition covers 2,500 depots.

1. Indigo Hill depot (HD-00001)

The Indigo Hill depot (HD-00001) in Cebu, Philippines is managed by Chloe Wong, who is the first point of contact for access passes, building issues and local safety arrangements. New joiners receive a site induction on their first morning, before they are allowed onto the warehouse floor.
